WHO WE ARE

We are a group of hard working women who are passionate about education and culture. We are dedicated to helping the Hispanic Community achieve a better future via higher education. We make this happen with the magic of volunteerism!

Year to date, we have fundraised almost half a million dollars, all towards student scholarships. This is made possible via events and initiatives that we lead and support; we also promote the culture and traditions of the many Hispanic countries we represent.

OUR MISSION

“Increase the rate of Hispanic youth entering higher education through training, social management, the promotion of culture and the provision of scholarships in the South Carolina Upstate.”

AHAM is the only Hispanic 501(c)(3) non-profit organization that, since 1999, has been dedicated to promoting higher education among high school students of Hispanic descent through educational scholarships in the Upstate of South Carolina. We have been granting scholarships for higher education for 25 consecutive years.

Our organization is rooted in the Hispanic community of the Upstate of South Carolina, a fast-growing demographic that we've had the honor to support since 1999 by providing scholarships for higher education. We are proud to invite everyone in our community to this year's Hispanic Heritage Festival, and, as we do every year, provide the opportunity to taste Latin American cuisine, enjoy music, learn about our countries, and have lots of fun while raising money for a great cause. We are thrilled to be back this year at the Fluor Field at the West End, located in the heart of downtown Greenville. The Fluor Field at the West End offers excellent exposure for your company. We are looking to partner with local businesses and corporations interested in sponsoring our Festival.
